III. Other information:	
(1) Reasons of loss or inadequate profits	<ul style="list-style-type: none"> • The Company lost significant market share of its largest domestic OE customer. As a result sales decrease by 33% compared to the prior year. • A large portion of the Company's export business is to the UK and the European Union. The Pound depreciated by 15% and the Euro by nearly 10% in the FY 16-17 thereby reducing realization from export sales in INR. As a result, profits on export sales were reduced considerably. • Steel prices increased sharply during the course of FY 16-17. The Company was compelled to pass on price increases to its suppliers; however customers did not fully compensate the same both in terms of amount and effective date citing market conditions.
(2) Steps taken or proposed to be taken for improvement	<ul style="list-style-type: none"> • The Company is expanding its product offering and targeting new customers. The Company has stepped up its sales and marketing efforts. The company has worked with existing vendors and identified new vendors to reduce material cost and other variable costs. The Company has also focused on value engineering and continuous improvement initiatives which have helped reduce manufacturing costs. The company has also worked to reduce finance costs. The company took advantage of lower interest rates offered on export receivables. The company also took steps to decrease inventory and reduce its working capital cycle.

(3) Expected increase in productivity and profits in measurable terms.

- The Company expects its marketing efforts to translate into added sales from Q3 17-18 onwards. This increase in sales coupled with cost reduction measures should help the company return to profitability.

IV. Disclosures:

The remuneration package of Ms. Devaki Saran has been disclosed above.

The Company does not have any scheme for grant of stock options.

OPERATIONS / STATE OF COMPANY'S AFFAIRS

The company made a pretax loss of Rs. 110 lakhs as compared to a profit of Rs. 66 lakhs in the prior financial year.

The primary causes of this loss are as follows:

- Decrease in Sales: Sales decreased by 33% as compared to the previous financial year. Domestic sales decreased by 43%. This was a result of both government policy changes and loss of market share of a major OEM customer. Demonetisation impacted sales for the third quarter as both commercial vehicle and tractor sales dropped sharply. Fourth quarter sales suffered from the introduction of BS IV norms. Commercial vehicle manufactures slowed down production as they were left with sizeable inventory of BS III vehicles that needed to be converted to BS IV. In addition, the company lost market share of its largest domestic OEM customer.

Export sales decreased marginally from Rs. 13.0 crores in FY 15-16 to Rs. 12.6 crores in FY 16-17. Volume sales increased slightly; however due to weakness in the EURO and GBP realisation per unit sale reduced.

- Increase in material prices: In FY 15-16, the company benefited from the reduction in steel prices. However the trend reversed in the current financial year and the company was compelled to pass on price increases to raw material suppliers. Despite the company's best efforts, these price increases were not fully compensated by customers citing market conditions.
- Increase in employee costs: The labour agreement expired on 31st March 2016. The company made a provision for increase in wages which would need to be paid to workmen as arrears even though a final settlement had not been reached.

Total headcount decreased from 207 to 188 and as a result total employee costs decreased 4% despite the increase in average cost per employee.

- Exchange rate fluctuation: The company's exports are in EURO and GBP. Both these currencies weakened during the year. The EUR/INR exchange rate was Rs. 69.11 at 31st March 2017 as compared to Rs. 75.43 at 31st March 2016. The GBP/INR exchange rate was Rs. 81.29 at 31st March 2017 compared to Rs. 95.25 at 31st March 2016. Thus export realisations per unit sale decreased as compared to the previous year. The company recognised a foreign exchange loss of Rs. 28.96 lakhs during FY 16-17 as compared to a gain of Rs. 55.37 lakhs during FY 15-16.

The company took several steps to reduce expenses and control costs which helped reduce the loss.

- Reduction in finance costs: Finance costs reduced from Rs. 102.63 lakhs in the previous year to Rs. 86.70 lakhs in the current year. The company took advantage of lower interest rates offered on export receivables. The company also took steps to decrease inventory and reduce its working capital cycle.
- The company worked with existing vendors and identified new vendors to reduce material cost and other variable costs.
- The company also sharpened its focus on value engineering and continuous improvement to reduce manufacturing costs.

TRANSFER TO GENERAL RESERVES

There was no transfer made to General Reserve.

DIVIDEND

In view of the loss during the financial year 2016-2017, your directors do not recommend dividend on the equity shares of the Company for the financial year 2016-2017.

OUTLOOK

Sales are forecasted to remain weak for the first two quarters of FY 17-18. Uncertainty around the transition to GST will likely impact sales. This uncertainty is expected to persist throughout the second quarter as the industry works through teething problems with the new tax regime. Additionally, the company does not expect to replace the lost volumes of the major OEM customer in the first half of the year.

Export volumes are likely to remain weak as the European economy is showing only slight signs of improvement. The impact of Brexit on sales to UK customers is as yet unknown.

The competition amongst propeller shaft manufacturers is also intensifying which is putting downward pressure on margins.

The Company has stepped up its sales and marketing efforts and is expanding its product offering and targeting new customers.

The company has also introduced a new line for the Indian after market. After market sales have been especially impacted by demonetization and GST; however the company expects its efforts to translate into increased sales in the second half of the year.

The company is also continuing its value engineering and continuous improvement efforts to reduce manufacturing costs.

MATERIAL CHANGES AND COMMITMENTS AFTER THE END OF THE FINANCIAL YEAR:

AS PER SCHEDULE V OF SEBI LODR : ANNUAL REPORT

[See Regulation 34(3) and 53(f)]

MANAGEMENT DISCUSSION AND ANALYSIS**a. *Industry structure and developments.***

Sales are primarily to 4 customer segments – domestic OEMs, export customers, industrial customers and after market (both to OEMs and to dealers and distributors). In FY 16-17, 41% of the Company's sales were to domestic OEMs, 35% export, 13% to industrial customers and 11% to the after market.

b. *Opportunities and Threats.*

The Indian propeller shaft market is dominated by 4 major players who all jostle for market share amongst the major commercial vehicle manufacturers, the differentiating factor being price competitiveness. The after sale market is also crowded by a number of low cost suppliers supplying unbranded generic components at low prices.

In the export market, Indian manufacturers have a cost advantage compared to their European and American counterparts. However quality standards and very stringent and monetary penalties for rejections or product failures is very high. Export to the US and Europe has significant potential – however uncertainty surrounding US trade policy and weakness in the European economy pose difficulties in the short term.

Several foreign players in India are taking steps to indigenize components that were previously imported which provides an attractive opportunity to Indian manufacturers. They are also looking to India for global sourcing as the capabilities and quality standards of Indian manufacturers have improved considerably.

c. *Segment-wise or product-wise performance.*

The company operates in a single segment.

Total sales in FY 16-17 were Rs. 3684.73 Lakh, a 33% reduction from 5514.98 Lakh in FY 15-16.

Domestic sales decreased by 43%. This was a result of both government policy changes and loss of market share of a major OEM customer. Demonetisation impacted sales for the third quarter as both commercial vehicle and tractor sales dropped sharply. Fourth quarter sales suffered from the introduction of BS IV norms. Commercial vehicle manufactures slowed down production as they were left with sizeable inventory of BS III vehicles that needed to be converted to BS IV. In addition, the company lost market share of its largest domestic OEM customer.

Export sales decreased marginally from Rs 13.0 crores in FY 15-16 to Rs 12.6 crores in FY 16-17. Volume sales increased slightly; however due to weakness in the EURO and GBP realisation per unit sale reduced.

d. Outlook

Sales decreased sharply during the year under review on account of loss of market share of a major OEM customer. The Company is taking several steps to counter the lost volumes.

The Company so far has a more limited product offering than its competitors and also has not penetrated the after market sale. The Company is taking steps to expand its product range so it can cater to a broader set of customers. The Company is also increasing sales and marketing efforts both in India and overseas.

e. Risks and concerns.

Exports are primarily to the European market and the slowdown and volatility in the European economy poses a risk as this impacts both export volume and realization on account of fluctuation in the EURO. The Company is focusing on diversifying its export markets; however developing new export customers is a long process as the approval process is very lengthy.

Increasing competition and rising costs are also putting downward pressure on margins. The Company is trying to counter this by focusing on operational efficiencies.

f. Internal control systems and their adequacy.

The adequacy of control systems is reviewed on a monthly basis by the management and assessed quarterly by the internal auditor and the Board.

The internal control systems in place are more than adequate.

g. Discussion on financial performance with respect to operational performance.

In FY 14-15, the Company had made a loss on account of a one-time depreciation charge on account of change in the method of calculating depreciation and on account of sharp depreciation in the EURO. In FY 15-16, the Company returned to profitability as management has focused on increasingly operational efficiencies which directly translated into improved margins.

However during FY 16-17 sales volume decreased drastically and exchange rates moved unfavourably resulting in a loss despite the considerable savings achieved by the various cost reduction initiatives. Efforts to further improve efficiency continue at all levels and across all departments.

h. Material developments in Human Resources / Industrial Relations front, including number of people employed.

Total number of employees reduced to 188 from 207 at the end of the prior financial year.

The four year labour agreement ended on 31st March 2016. Negotiations are currently underway with the union to finalise new terms for the next four year agreement.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and fair presentation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2017, and its profit and its cash flow for the year ended on that date.

“ANNEXURE B” REFERRED TO IN PARA 2 (F) OF OUR REPORT ON REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS :**Report on the internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **HINDUSTAN HARDY SPICER LIMITED** (“ the Company”) as of **31 March 2017** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’) .These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act,2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting(the “Guidance Note”) and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act,2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorizations of management and directors of the company and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial control over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS**1) Significant Accounting Policies:-****a) Basis of Accounting :-**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention except warranty claims and refund claims from central /state governments and local authorities, which are accounted on receipt of claim/s.

b) Fixed Assets :-

Fixed Assets are stated at cost net of Cenvat, Vat setoff and incentives related to Fixed Assets, less depreciation. Depreciation is provided (except in the case of leasehold land which is being amortised over the period of lease) at prorata monthly basis on the straight line method and at the rates and in the manner specified in Schedule II to the Companies Act, 2013. Consideration is given at each balance sheet date to determine whether there is any indication of impairment of the carrying amount of the company's fixed assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the greater of the net selling price and value in use.

c) Inventories :-

Inventory is valued as below,

- a) Raw material / Components are valued on First in First out (FIFO) basis.
- b) Stores and spares are valued on weighted average basis.
- c) Finished goods and work in progress are valued at lower of cost or net realisable value. Cost is determined on absorption basis and includes material, labour and production overheads. Material cost for the purpose of valuation is ascertained on First in First out (FIFO) basis.

Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

d) Revenue Recognition :-**Sale of Goods**

- a) Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Warranty claims are accounted for on the basis of settlement of the same.
- b) Duty entitlement under the Duty Entitlement Pass Book Scheme (DEPB Scheme) on export of the goods manufactured by the Company is accounted on realisation basis. Refund of excise duty of " Export under the claim of rebate " is accounted for on completion of formality of claiming refund of excise.

Revenues from services are recognised when services are rendered and related costs are incurred.

e) Other Income :-

Interest income is accounted on accrual basis.

f) Investment :-

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

g) Retirement Benefits :-

The Company has a Group Gratuity-cum-Life Assurance Scheme with Life Insurance Corporation of India for future payment of Gratuity to retiring employees. The premium thereof is paid annually in terms of the said policy which is charged off to the Profit & Loss Account. Provisions for leave encashment benefit and gratuity are made on actual basis, on the assumption that the benefits will be payable to all the employees at the end of the accounting year, if all employees were to terminate their services with the company. Liability for Provident Fund dues is being deposited with appropriate authorities. In case of Superannuation liability Company makes contribution to Life Insurance Corporation of India.

h) Transactions in Foreign currencies (Other than Fixed Assets) :-

Initial recognition

Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company and its integral foreign operations are recognised as income or expense in the Statement of Profit and Loss.

i) Provisions, Contingent Liabilities and Contingent Assets

As per Accounting Standard 29, Provisions, Contingent Liabilities and Contingent Assets, issued by the Institute of Chartered Accountants of India, the Company recognises provisions only when it has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. No provision is recognised for -

- a) Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- b) Any present obligation that arises from past events but is not recognised because-
 - i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation ; or
 - ii) A reliable estimate of the amount of obligation cannot be made.

Such obligations are recorded as Contingent Liabilities. These are assessed continually and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for, except in the extremely rare circumstances where no reliable estimate can be made Contingent Assets are not recognised in the financial statements since this may result in the recognition of income that may never be realized.

j) Taxes on Income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

k) Other Accounting Policies :-

The Company follows generally accepted accounting principles in respect of accounting policies not specifically referred to herein above.
